## ABOUT ME

I am Christian Diamante, a web director and designer located in Orlando, FL. I am a highly motivated individual who enjoys providing clients with digital solutions for their business needs. My leadership qualities over the years have allowed me to grow and oversee teams of designers and developers. Being able to manage these teams has led to growth by making it easier to take on multiple client accounts of all sizes. I have a great sense of humor and am also a team player, so I know I'll fit in to any environment seamlessly.

## EDUCATION

**Seminole State College (2007 – 2010)**

Lake Mary, FL | Web Programming

**Robert Morris University (2001 – 2005)**

Pittsburgh, PA | B.A. in Media Arts

**Colonial High School (1997 – 2001)**

Orlando, FL | High School Diploma

## MY SKILLS

Fluent in Spanish, I am a proven designer with excellent communication and organizational skills. Having worked for an agency for so many years, my ability to complete a project on time and on budget is unmatched. Having been the sole website designer - prior to developing and expanding my team - I work well on my own; however, I enjoy being a part of a creative team. Other skills include:

HTML

Illustrator

CSS

InDesign

WordPress

Digital Marketing

Joomla

User Experience

Photoshop

Creative Direction

## WORK EXPERIENCE

**Costa Communications Group**

(Feb. 2006 – Present)

Winter Park, FL | Web Director & Designer

During my time at CCG, I have worked on numerous projects for clients of all different sizes. My role as web director allowed me to design and oversee a team of developers while maintaining client interaction throughout the entire process. I am also in charge of bringing in new interactive ideas and solutions to help solve client needs.

**Industry experience areas include:**

- Entertainment
- Retail
- Education
- Law
- Transportation
- Finance
- Agriculture
- Senior Living
- Real Estate
- Outdoors

**Freelancing**

(Feb. 2005 – 2006)

Winter Park, FL | Graphic/Web Designer

While I searched for a full-time position, I took on an array of freelance projects. Many of my clients were located in Europe, which required being able to communicate properly since the meetings were done over the phone or via Skype.

**Pennsylvania and Technical Training Assistance Network**

(Feb. 2004 – 2005)

Pittsburgh, PA | Graphic Design Intern

My internship at PaTTAN allowed me to gain experience in a real office setting. I was involved in creating graphics for presentations and print material, as well as assisting with I.T. issues within the office.

## WORK EXAMPLES

Examples of my work are available upon request.
